

Twin Cities Chapter of ISCEBS January 2018 Educational Luncheon

"Employer Provided Student Loan Benefits"

Speaker:

Jim Holt, Chief Development Officer and SVP - Credit Union Student Choice

The total student loan debt in the U.S. is \$1.4 trillion and growing, and the average college graduate enters the workforce with \$37,000 of student loan debt. It is an issue affecting employees of all ages, as much of the total student loan debt is held by parents helping to support their children. Please join us in January as Jim talks about some of the ways employers are helping their employees address this growing issue.

Among the items Jim will discuss are:

- Providing a preferred vendor for student loan refinancing
- When is refinancing a good choice and when isn't it? Benefits and trade-offs to consider with student loan refinance
 - Employer-based student loan repayment assistance - how it works
- Educating your employees on filling the funding gap for undergraduate and graduate programs

***Insurance Continuing Education Credit Has Been Applied for in the State of Minnesota.
IF APPROVED, 1 credit hour will be available.***
