

2019 Legislative Update

Please join the Los Angeles Chapter of ISCEBS for this upcoming program.

This program will prepare benefits professionals for the new year with a comprehensive review of the key laws and trends emerging from Washington, D.C. and Sacramento. We will discuss the insurance, benefit, and employment laws passed by the legislature in 2018 that benefit and human resource professionals need to know about, and that will impact the design and implementation of health and welfare benefit plans. An update on recently issued federal benefit regulations will be included—with an emphasis on the ACA—supplemented with a discussion of recent legislative trends and developments on the federal, state, and local level.
