The ISCEBS is a non-profit educational association whose primary mission is to provide continuing education to individuals holding the Certified Employee Benefits Specialist (CEBS) designation. The CEBS designation is awarded by the International Foundation of Employee Benefits Plans and Dalhousie University in Canada and the Wharton School of the University of Pennsylvania in the United States. There are over 4,000 individuals who are members of the ISCEBS, and over 50 chapters throughout Canada and the United States. Since 1981, CEBS graduates have chosen the ISCEBS as the organization that can help them prosper in their careers and keep them abreast of the latest industry changes. This year the Toronto Chapter is entering its 16th year as a provider of continuing education and networking opportunities to those who hold the CEBS designation and others in the benefits industry.
