Join the Baltimore Chapter of the International Society of Certified Employee Benefit Specialists (“ISCEBS”) as we focus on Wellness Programs and ways to ensure your plan is getting its “bang for the buck”.

Danny Miller of AssuredPartners will educate us on how Corporate Wellness Programs use data to achieve results. During the session, we will:

- Take a look at actual metrics from the AssuredPartners book of business
- Review various research articles on wellness programs and their effectiveness and
- How to hold wellness vendors accountable for delivering results.

We'll also touch on areas of focus for wellness programs, reasons why members may not be seeing a physician on a regular basis, and we'll also look at metrics relating to diabetes (costs are going up and the number of people with diabetes increases dramatically).

DATE: Thursday, March 19, 2020
TIME: 8:30 am - Registration & Refreshments
       8:50-10:30 am - Program (100 minutes)
