

**October 19, 2020**

**Virtual Event:  
Benefits 360**

Come join the ISCEBS NY Metro Chapter and other colleagues in the HR, Benefits and the Employee Wellbeing space for our Benefits 360 virtual event. In light of the pandemic, employees are taking even more interest in learning about their benefits and are leaning more heavily on their HR/Benefits professionals more than ever. The Benefits 360 Program goal is to arm you with the latest information in relation to health and retirement plan benefits. The varied topics presented will assist you with creating a greater connection to your employees and their needs for today and the future.

Benefits 360 combines the best of both worlds: presentations from subject matters experts and interaction with your fellow benefits professionals. Our five (5) subject matter experts will present and discuss some of the latest trends, including:

- Referenced Based Pricing;
- How COVID-19 has affected the retirement landscape with the CARES and SECURE Acts;
- Important factors when considering fully-insured and self-insured arrangements;
- Employee drug pricing advocacy tools and insights from carriers on COVID-19's impact on benefits plans; and
- International company benefits, and how benefit offerings have been reimagined in response to the pandemic.
